BUILDING OPERATIONS COMMENCING

Everybody As Busy As Nailers

Roy Cornett is building a nice residence on Douglas street.

W. E. Lord is erecting a fine, large addition to his residence on Douglas street.

Geo. Harvey's fine residence on Nanton street is nearing completion.

M. Card is building a neat residence east of town.

We understand Judge Lees intends building a handsome residence in the near future.

E. Michener will build a neat residence for an employee.

The new overall factory will be started soon.

The Postill residence is being fitted up with a new verandah, water works, sewerage, and all improvements by McKee and Cruickshanks for Mr. McGregor, chief engineer of the Alberta Central.

The new station is now on correct lines and the building will be rushed to completion. The line was a few inches out on one side, which has been corrected, and work started to-day.

The Midnight Flyer

R. G. McNeillie, District Passenger Agent, of Calgary, was in town Friday last, making arrangements for the night train, which will start running between Calgary and Edmonton on June 6. The first train will start out of Calgary at 1.5 o'clock on Monday morning, June 6th, and arrive at Red Deer at 4.50 o'clock, leaving here at 5 o'clock. A train will reach Strathcona at 3.15 a.m. The train will go north Monday, Wednesday and Friday, returning Tuesday, Thursday and Saturday, leaving Strathcona at 1 o'clock in the morning, and arriving at Red Deer at 4.30, leaving at 4.40 o'clock. Sleepers may be ready so that passengers may take their berths at 10 o'clock if they so desire.

U.F.A., Edwell Union, No. 53.

A special meeting was held on the 4th May to consider tenders for the supply of binder twine for the 1910 season. The secretary read tenders from the T. Eaton Co.; Farmers' Binder Twine Co.; Stewart Bros.; and C. W. Parker. After some discussion as to the merits of the various twines, it was resolved to accept the tender of Mr. C. W. Parker, Red Deer, for the supply of 550 lb. Plymouth twine, being the same that was used last year, and which gave complete satisfaction.

Mr. William Ainge was proposed as a member and duly elected. The executive circular evoked considerable discussion, and, among other subjects, hail came in for its share, and it was moved by F. Ellis and adopted that it be left in the hands of the executive to formulate some practical scheme to propose to the government.

Several more signed pork packing agreements were handed in. It was moved and adopted that this Union do hold a picnic on the 8th June next, and the following were elected on the committee to organize the affair: Messrs. E. Pixley, F. Ellis, W. Sandcock, H. A. Crocker, F. Graham and R. Gummow, and the President and Secretary being ex-officio members of the same.

H. A. Crocker reported a team of mares for sale, one in foal.

The meeting adjourned to Wednesday, May 18th.

King Edward VII died at 11.45 o'clock last Friday night. The Prince of Wales is king, assuming the title of George V.

Coming so suddenly, the death of the king cannot but bring the greatest sorrow to the nation in whose hearts Edward, first as Prince of Wales, and after as sovereign, held first place. His short reign of hardly nine years has been a history of stirring times. It opened with the conclusion of peace after a long and trying campaign in South Africa and concludes at the critical moment of one of the most momentous political struggles of modern times—that between the peers and commons. In a day the political outlook of Great Britain has been revolutionized.

Gathered around the bedside of the dying king were the queen and members of the royal family. No hope had been held out throughout the day for the recovery of his majesty, whose death, it is believed, was due to pneumonia following bronchitis contracted shortly after his return from Biarritz. Only a day or two ago the king was conducting the business of state and giving audiences, but on Wednesday he was compelled to submit to the orders of his physicians.

Since then, until the end, his death was rapid.

One of the last utterances attributed to King Edward was: "Well, it's all over, but I think I have done my duty." He seemed then to have reached to a full realization that his end was fast approaching.

The Queen and others of the royal family, and four doctors had been constantly in attendance in the sick-room throughout the day. Several hours before his death the King was in a comatose condition, but he rallied slightly between nine and ten o'clock, and then appeared to have recognized his family. Then he lapsed into unconsciousness, which ended in his passing.

DATE OF FUNERAL.

May 20th has been definitely decided upon as the date for the funeral of King Edward. The body will be removed on the 17th from Buckingham Palace to lie in state for three days, thence being taken on the evening of the third day to Windsor for interment in St. George's Chapel on the day following. The body of the late monarch will be borne on a gun carriage through the streets of London to Paddington station and again through the streets of Windsor to the castle. The procession will be similar to that upon the occasion of the funeral of Queen Victoria in 1901. Above the caasket will be the royal insignia, the crown and band and sceptre.

King George will ride immediately behind the caasket, followed by other male members of the royal family, foreign monarchs and special ambassadors. The queen, queen mother and ladies of the royal family will come next in carriages. The remainder of the cortege will be made up of representatives of the army and navy, members of the imperial service and high officers of state.

News of King's Death in Red Deer.

On the news of the King's death, Friday evening, being received, groups of citizens discussed the sad event, and the news spread rapidly. Almost immediately bells began to toll and flags were placed at half-mast, informing all of the death of our beloved Sovereign.

On Sunday special mention was made of the death of the King in all the churches, and the Methodist church was draped in black. The Dead March was also played in the churches at the close of the services.

Yesterday the Supreme Court adjourned to June 1st owing to the death of the King. Monday flags were raised to the masthead in honor of the new King, and on Tuesday lowered to half-mast again until after the funeral.

Supreme Court.

The Supreme Court opened yesterday morning with Judge Stuart presiding. The court adjourned to two o'clock.

The docket is not a very large one. The criminal cases are: Rex v. Forbes, embezzlement; Rex v. McCarthy, sodomy; Rex v. McLaren, theft. Civil cases, Root v. Ragans, action for balance due on stallion; Massey-Harris v. Coghill, action for machinery; Stevenson v. Wildman, damages for assault; Harris v. Ray; and Red Deer v. Western General Electric Co., for refusal to install telephones. This last case will no doubt be postponed, owing to Messrs. Walsh and Biggar being engaged on the Alberta and Great Waterways investigation.

At two o'clock the court met and adjourned to June 1st on account of the King's death.

Red Deer U. F. A.

The regular meeting of the Red Deer branch of the U. F. A. was held on Saturday afternoon last, May 7th, with President James Bower in the chair.

THE PORK PACKING PLANT.

Discussion on the Pork Packing Plant was rather heated, the members feeling that this question was being side-tracked. A letter was read from H. Jamieson, who was unable to be present, suggesting organizing and holding a series of meetings for the purpose of bringing the question before the farmers and circulating agreements for signature. The following resolution was carried unanimously:

Moved by Jas Speirs, seconded by Capt. Keast, that, whereas it has been brought to the notice of this Union that very little headway has been made in the canvass of the province for hogs for the Pork Packing Plant and that very few of the districts where hogs have been produced in any considerable quantity have been visited at all, therefore be it resolved that the secretary bring this to the attention of the executive and also write the stock commissioner, calling his attention to this fact and asking that his department follow up this matter in a more vigorous way.

The monthly report from the provincial secretary was read and discussed.

Moved by Capt. Keast, seconded by Jas. Speirs, that a list be opened at the secretary's office until the 17th of May, and that members leave their names with him for the amount of barbed or woven wire they may require. Carried.

Capt. Keast was appointed a committee to enquire into the cost of barbed wire locally.

Speirs reported that salt unloaded here in car loads brought the merchants about 25c. per barrel. This was such a small return that the matter was not considered worth bothering with.

Mr. Speirs was appointed a committee to look into the cost of twine and to report at the next meeting.

The question of election of a secretary to take the place of J. A. Carswell, who is retiring, was left over till the next meeting. Mr. Carswell consenting to act until that time.

The meeting then adjourned.

The Gun Club

The Gun Club shoot Monday night brought out about a dozen members. Parker took a gold button with 19, L. M. Gaetz the silver with 16, and Stephenson bronze, 16. The other scores were: R. L. Gaetz, 15; Ware 13; Norquay, 12, and Carswell, 8. Second class: Huskins, 18; Randall, 12; Willen, 10, and J. J. Gaetz, 2.

THE VAN SLYKE BREAKING PLOW.
 The Van Slyke Breaking Plow Co. will manufacture the manufacture of what is known as "The Van Slyke Breaking Plow" in Red Deer. An electric plant is being installed, which will run day and night to satisfy the increasing demand. There are now considerably over one hundred plows ordered, equipped of four horse, six horse and steam outfits. These orders are distributed in many towns, Wetaskiwin, Stettler, Didsbury, Penhold, Oids, Innisfail and Lacanville.
 The Advantages of this Sully Plow are:
 1.-Break brushland, prairie and timothy. Furrows never turn back or kink.
 2.-The draft of the plow is fully one-third less than other plows on the market.
 3.-Guaranteed to scour gumbo land.
 4.-It works well in stony land by change in cutters.
 5.-Much more durable than other plows as it is constructed of solid steel.
 Farmers will not be consulting their own interests if they do not look into this proposition before purchasing elsewhere.

 The annual meeting of the Alberta Conference of the Methodist church will be held at Red Deer this year, commencing on May 21. This will be one of the largest gatherings ever held in the town, some 150 to 200 delegates, clerical and lay, being expected. The Billetting committee will have their hands full in providing for the accommodation of the delegates, but the hospitality of the church people and citizens of Red Deer can be depended upon to see them through.
 The Fort Saskatchewan Sports Committee have arranged a better programme than ever for Victoria Day this year, consisting of horse racing, athletics, and other attractions. The athletic events, numbering twenty-two, will be conducted under the auspices of the Alberta Amateur Athletic Association, and besides the ten mile road race, which is an annual event, include events for juniors under eighteen, and for juveniles under fifteen years. The horse racing bill consists of six events to be run at 11 a.m. The value of the prize list for the racing and athletics approximates \$2,000. One of the chief attractions will be the Markle-Bell-Walker Performing Animal Show which will be well worth the trip to see.

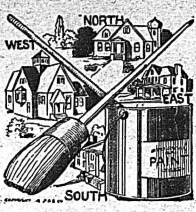

THE WHY OF IT.
 (Edmonton Bulletin.)
 The arguments pro and con of the Alberta and Great Waterways bargain have now been fairly well developed and it is possible to summarize the charges which are laid against the bargain and replies which are commonly made on its behalf:-
 1. It is charged as not in the best interests of the people of the Province that \$7,400,000 of money raised on the public credit should be used to build a railway through an unsettled country while thousands of the people who are pledged to repay the money and to pay the interest on it are left without railway accommodation.
 To which a common reply is that anyone who calls in question the sound public policy of the Alberta and Great Waterways bargain is necessarily and invariably moved by jealousy, ambition, cupidity or treasonable instinct.
 2. It is charged that the bargain was made with a Company which has no railway system behind it, no money other than that the Province gives it, and no means of getting the money to pay the interest charges on the road until the enterprise becomes self-sustaining.
 Reply-That the C. P. R. is behind the opposition to the bargain. If not the C.P.R. then the C.N.R. Or if not the C.N.R., then the G.T.P. Or if not the G.T.P., then the Dominion Government.
 3. It is charged that \$20,000 per mile was more money than was necessary to build the railway according to the specifications accepted by the Government.
 Reply-That the members from Southern Alberta want to prevent railway construction in Northern Alberta.
 4. It is charged that 5 per cent was an excessive rate of interest to pay for money borrowed on so good security as the revenues of the Province.
 Reply-That a dark conspiracy has been formed to upset the Government.
 5. It is charged that the specifications allow of mud ballast, six inch ties as far apart as the Government engineer sees fit to allow, 55 pound steel, with grades so steep and curves so sharp that the road cannot be efficiently and economically operated.
 Reply-That the Company would not think of building so rotten a road as the specifications allow.
 6. It is charged that the Province had no grip on the Company by which they can be compelled to operate the road when finished, or which prevents the Company building a \$4,000,000 road, collecting \$7,400,000 for it, and then telling the Province to take it and pay for it.
 Reply-That in that event the Province would get a railway.
 7. It is charged that bonds worth \$8,140,000 in the market were issued to the Company, in return for which the Province received only \$7,400,000, the balance going to some party or parties at present unknown.
 Reply-That it is none of the Province's business if somebody pocketed part of the \$8,140,000, nor whether all the \$7,400,000 goes into the railway, nor how much of it.
 8. It is charged that having appointed a Commission on their own motion and for the avowed purpose of proving their own honesty, the Government are bound to assist the Commission in every way to make a complete and thorough investigation of the whole transaction, and that in pursuance of this duty the Government should use their influence with President Clarke to get him to appear before the Commission and give evidence.
 Reply-That it is presumption to suppose the Government has any influence with Mr. Clarke.
 Beside which the defence submits that:-
 As the Bulletin has dared to expose the looseness and improvidence of the Alberta and Great Waterways bargain, Hon. Frank Oliver is to get the knife when next election day comes round.

CAN IT BE CALLED GRAFT?

The recent gift of \$120,000 to Mr. Fielding, Minister of Finance of the Dominion of Canada, has caused considerable comment. While the Liberal press has congratulated the Minister on his good fortune, claiming the gift places him in an independent position and that it was perfectly proper to receive such a large sum from admirers, the Independent and Conservative press claim the money is in the nature of a bribe and establishes a dangerous precedent. The names of those subscribing to this large fund have been asked for but they have been kept a profound secret, leading one to suppose that subscribers were those who had received favors. The taking of so large a sum of money in this way is without parallel in Canadian or English history. Mr. Fielding has been placed in an unenviable position. In the first place the taking of the money imperils the

independence of the recipient. In the second place the thing becomes a precedent, if allowed to pass unchallenged. Let the country agree that Ministers with favors to give may receive fortunes at the hands of private individuals, and the volume of graft, swollen by backstairs influence, will become even greater and more to be deplored than it is to-day.

THE LANDS OF THE WEST.

Sir Wilfrid Laurier maintains that the public lands in the territory to be annexed to Manitoba should remain vested in the Dominion in the same manner as the public lands in Saskatchewan and Alberta. The reason he gives Parliament is that the territories originally purchased from the Hudson's Bay Company were bought with the money of the whole people of Canada.

Let the Prime Minister carry his argument to its logical conclusion. British treasure and valor secured Canada for the

Empire. Therefore, the Imperial Government should retain control of public lands throughout the Dominion, and, in return, we should be given a dole from Downing Street. Such an arrangement would be just as reasonable as the administration of the prairie lands from Ottawa.

The Premier's attitude raises another issue. Kewatin is to be divided between Manitoba and Ontario. Ottawa refuses Manitoba control of the public lands within its half of the territory. The Federal government scarcely can treat the two Provinces differently. Therefore, we may expect that Ontario will also be refused control of the public lands in its half of Kewatin.

In this way the Provincial autonomy issue, so long indigenous to the West may be brought home to the people of Ontario in a very direct way. We may yet see Ontario Manitoba, Alberta and Saskatchewan lined up in a demand for control of the whole public estate within their boundaries. Even the most reactionary administration at Ottawa would not hold out long against such a confederacy.—Toronto News.

WORKING THE TOWNS.

By a dispatch in another column it would seem that the Van Slyke Plow Company intend leaving Red Deer. Dr. Rowntree, according to this article, not only is asking Edmonton to make a bid for his works, but is asking them to make a higher bid than Calgary.

The Calgary bid was understood, to the effect that parties there would take all the stock the Company had to sell and furnish all capital necessary.

This looks pretty good, but evidently the doctor wants the northern town to furnish, not only all the capital, but furnish a factory site, buildings and numerous other things as well.

The Van Slyke Plow Co. have a pretty good article and they have full confidence it will be a success. But we think they would be wise to stay in Red Deer. They are known here, and

while we may be small in population we have as much land around us as Edmonton has, labor would be cheaper, as the firm would be away from trade unions which are causing so much trouble in the larger centres at the present time, they would be in the centre of the province where they could reach Edmonton, Calgary, Medicine Hat and British Columbia on the shortest notice and they would be among friends.

We think Dr. Rowntree might have laid his scheme before the Board of Trade, Red Deer, before going elsewhere. And we think the Board of Trade might have taken this important matter up. It appears to us that the Board fails to get right down to practical work for the Town. There is too much theorizing and superfluous talk about little potting. Time is wasted which should be devoted to the interests of Red Deer.

What has the Committee on Manufactories done towards inducing the Van Slyke Plow Co. to remain in Red Deer? Who are the Committee on Manufactories? Off hand we do not believe a member of the Board can tell. The Committee are appointed and the members willingly take office, and that is the last heard of the matter. In this question of the Van Slyke Plow Co. the Board has been very remiss in its duties and it is now up to it to get to work. What other towns can offer we can afford to offer, and unless President Dr. Rowntree is very unreasonable we believe he can be persuaded to remain in our midst.

It certainly will be to our interest to keep the only manufacturing firm of this kind west of the great lakes in our midst, and as Red Deer is destined to be a great manufacturing centre we cannot afford to let a single shop remove elsewhere.

CHILDRENTON PARK BREED STALLION

This pure bred Percheron stallion, which has proved himself to be a getter of A1 stock, will stand for service at the Springvale farm, Sec. 30, Tp. 37, Rge. 23, on Monday and Tuesday each week, Thursday, Friday and Saturday at Rowson's barn, Red Deer. As we do not intend to round this stallion this season, we are putting the fee to insure at the low price of \$10.00.

GOD SAVE THE KING

WHAT SHOULD BE DONE.

(Red Deer Advocate.)

While the meeting of the insurgent members of the Legislature at Red Deer last week did not take upon themselves, and properly so, the choice of a Provincial leader for their cause, they made, or continued, Hon. W.H. Cushing their leader in the Legislature. And while there may have been room before the Great Waterways judicial enquiry for an effort to secure a new leader who would obtain the support of the two Liberal parties in the Legislature, to-day, with every charge against the Government of neglect of the public interest in this matter proved to the hilt, there is no logical course open to the Liberal members of the Legislature but to compel the present Government to resign and have the Lieutenant-Governor call upon Mr. Cushing to form a new cabinet. If Mr. Cushing then, under all the circumstances—and he is not a self-seeking man—believes it would be in the interests of harmony and good government that he should continue in a subordinate position, it would be quite within his province to have this brought about. There will be opposition to this course by the friends of the present administration, but it would be the blindest and most famous of policies to allow the element which has brought trouble and contumely upon the Liberals of this province to dictate as to the future personnel of the Government or the policy of the party.

Woman Justified in Killing Man

Acquitted of Murder Charge at Port Arthur.

Port Arthur, Ont., April 19.—At to-night's session of the assizes Mary Matthews, of Port William, a Galician, was placed on trial on the charge of murder in killing Paul Sonobieski, at her home in the coal docks section on Feb. 18th, and was acquitted without the case being given to the jury. F.H. Keeler declining to prosecute after hearing the evidence of the woman and two other witnesses. The woman swore that Sonobieski had assaulted her when defenceless twice before and that she killed him in self-defence. Two neighbors corroborated her story. The judge instructed the jury to give a verdict of acquittal, which they did without leaving the room.

Special Meeting of the Board of Trade This Afternoon Considers Their Case.

From Edmonton Journal, May 6th: The Red Deer Plow Company, finding the town in which they are at present carrying on business too small for their needs, and an inconvenient centre, are seeking to establish themselves in one of the larger cities of Alberta. Today the representatives of the company, of whom Dr. Rowntree of Red Deer is the principal spokesman, are in consultation with the council of the board of Trade, and a special meeting will be held this afternoon, at which members of the industrial committee of the council will be present for the purpose of discussing the inducements which Edmonton can offer to the new industry. A meeting will be held at four o'clock in the board of trade rooms.

Already a proposition has been submitted to the company by the Calgary city council.

Hilldown.

A meeting of the ratepayers of the Hilldown S. D. was held on Saturday, May 7th, at which it was unanimously decided to take immediate steps for the re-building of the new schoolhouse that was destroyed by the recent prairie fire.

A picnic will be held at Hilldown on Saturday, June 25th, the proceeds to go towards the cost of replacing the schoolhouse. A programme, with particulars of arrangements for the day, will be given later.

God's Promise.

We respond to the wish of a lady subscriber, who desired that the Red Deer News publish the following little poem. She writes: "It may help some one and be a message of love to one in distress."

God hath not promised Skies ever blue,
Flower-strewn pathways Always for you.

God hath not promised Sun without rain,
Joy without sorrow, Peace without pain.

But God hath promised Strength from above—
Unfailing sympathy—
Undying love.

The efficiency of the permanent force and of the militia has been reduced materially by the Government's policy, says Sir Percy Lake, Inspector-General of the Canadian forces, on the eve of his departure from the Canadian service. Lord Dundonald was driven out of the country by the professional politicians, and General Lake sails for England after revealing the Government's actual policy towards the militia. It is no sufficient answer that the present Administration has increased the appropriation for military purposes.

"Fielding says it is a cinch for a man to get married in Canada just now. Perhaps it would help some if they could all get a hundred thousand slipped over to them."—Calgary Herald.

There are even a few who would be satisfied with the seven thousand a year.

Annual Meeting of Industrial School Staff.

The members of the staff of the above Institution met at the home of the Principal on the night of Monday, May 2nd, 1910.

The annual report, as sent to the Department of Indian Affairs, was read. This report showed a very satisfactory condition during the year. Many improvements have been made in the buildings by way of installation of furniture, modern conveniences for the children, and seven gasoline gas lights. These latter have brightened the school in a very noticeable way. An increase of 17 in attendance pupils was reported, and the work, both in the class room and in industrial department, was very satisfactory.

Owing to a severe hail storm in June, 1909, the crop report was a good deal short of average years, but, in spite of the destruction, a very gratifying yield was reaped from the farm. The report states that no death has taken place among the pupils and that there has been no case of serious sickness in the school during the year.

During the year, the school has been the recipient of a large number of donations from the community. The relationship with the Reserves, from which recruits are drawn is dealt with in one section. Much has been done during the year to dispel the antagonism which did exist among the Indians, and the general attitude is one of appreciation of the work of the school. Desertions from the school, which used to be so frequent, have been reduced to one during the past year, and a general interest on the part of the pupils is taken in all the work.

One very encouraging feature of the work is the closing of arrangements whereby two of the senior boys will enter Alberta College next September to continue their studies there, and the Indian Department at Ottawa will bear the entire expense just so long as the reports from the College are creditable to the boys.

The closing items of the report might be quoted in full: "Under the influence of the staff, I pointed out last year the great strain upon the workers consequent upon the constant decrease in attendance. The fact that our actual attendance went up by 17 relieved the situation very much, and has enabled the workers to turn their efforts into other channels, such as inspiring the children with higher ideals of life, and careful training in their duties of the hour. I am thankful to know that I am surrounded with a company of co-laborers who are not actuated by selfish motives but are devoting much of time 'out of duty' in seeking to develop a noble character in the pupils of the school."

"In conclusion I wish to acknowledge the unflinching kindness of government officers, missionaries and teachers on the reserves, also the help accorded by the officials of the Methodist Missionary Society and of the Indian Department at Ottawa."

Methodist S. S. Officers.

At the annual meeting of the Methodist S. S. for the coming church year, on Wednesday evening, the following were elected officers:

Superintendent—E. Michener.

Assistant Superintendent—F. W. Galbraith.

Sec'y-Treas.—L. J. Porter.

Librarian—C. E. Hall.

Assistant Librarian—F. G. Matkin.

Leader of song—E. M. Wilson.

Organist—Miss Sadie Smith.

The reports showed that the average attendance was reaching the 150 mark. The new school room, with its individual class rooms, will prove of great aid to the teachers.

Judge Noel was the guest of F. S. Simpson, clerk of the Supreme Court, for a short time last week.

Millions Lost By Frost in the United States.

Chicago, May 5.—As news of the great destruction to crops from the frosts of the last week in April the damage is appalling.

Half the billion dollar crop of the south is devastated; the destruction of the fruit crop in the middle west is complete; spring wheat, corn and vegetables in the northwestern states are expected in all staples are moulting by leaps and bounds and the continued blockade of shipping on the Great Lakes is the toll of the almost country-wide storm which passed its third day.

Reports of the enormous losses to cotton poured into Chicago from Louisiana, Mississippi, Alabama, Georgia and parts of North and South Carolina.

The damage, not only in cotton, but to vegetables and the staple grains, grows hourly and \$500,000,000 spread over 19 states may prove to be a conservative estimate.

A mercantile market which responded to the promised shortages, rising \$2.50 a bale on cotton, and from one to three cents on cereals, is expected to continue its upward trend. Illinois' loss, which will not compare with the losses sustained in a dozen other states, will be fully \$3,000,000.

Minister Who Tested Zam-Buk

Read His Deliberate Opinion!

Rev. P. F. Laught, "The Mause," Carleton Place, Ont., writes: "Since the time I began using Zam-Buk with a view to testing it thoroughly, I tried Zam-Buk immediately my hands started to break out, and I am pleased to say that it checked the coming on of eczema, which I had always worse in the early part of winter, and seems to leave me about spring. I tried Zam-Buk immediately my hands started to break out, and I am pleased to say that it checked the coming on of eczema, which I had always worse in the early part of winter, and seems to leave me about spring. I tried Zam-Buk immediately my hands started to break out, and I am pleased to say that it checked the coming on of eczema, which I had always worse in the early part of winter, and seems to leave me about spring."

"On another occasion a stranger called at 'The Mause,' and I noticed a ring on his finger. Enquiring about the injury, I learned that he had somehow lost a piece of his finger, and the wound had started to fester. He was afraid it would turn to blood-poisoning. I gave him about a stick of Zam-Buk, and he applied it. A few days later I saw him, and he said 'That great piece of Yucca or my finger is now doing fine.'"

"This is a Scotchman's opinion; it has taken a good while to convince him, but he wanted to make sure of Zam-Buk's merit before endorsing it. It is well worth recommending. This is exactly the kind of testimony most gratefully received. Zam-Buk! Don't go by hearsay! You will find it gives the best results in all forms of eczema, ringworm, festering sores, piles, cuts, burns, face sores, eruptions, and all skin injuries and diseases. All druggists and stores, shoe box, or from Zam-Buk Co., Toronto, for price, but refuse cheap and harmful substitutes and imitations."

Interesting Meteorological Report for Winters 1909 and 1910.

BY R. E. FISKE OF HILLSDOWN.

To the following summary of the Meteorological Report for the past winter, that of the previous winter is appended for the sake of comparison. It will be noticed that the colder November of 1909 was followed by a very moderate winter, whereas the November preceding the cold temperatures of 1907 was just as mild.

The mean temperatures for the past winter were 28.98 and 7.73,

and for the winter previous, 28.40 and 4.27; in the severe winter of 1908-7 they were 21.01 and 0.91.

During the winter just ended the thermometer remained below zero on 6 days and 57 nights, and in the previous winter on 17 days and 48 nights; whereas in the winter of 1906-7 the figures were 31 and 25 respectively, the snow-fall for the last mentioned period totalling 55 inches.

"Jane" to-morrow night.

The 10th of May snow storm was on time yesterday in Calgary.

Rev. A. McWilliams, of Calgary, and Rev. W. G. Brown exchanged pulpits on Sunday last.

Mrs. C. B. Richmond left for Daysland yesterday, where Mr. and Mrs. Richmond will reside in the future. They may return to Red Deer in the fall.

The person who took the cartridges from the Gun Club's trap house will be prosecuted unless they are returned before Monday night, the 18th inst.

The Ladies' Hospital Aid will hold a tea on Tuesday, the 10th of May, at the home of Mrs. Welliver, Saturday afternoon, the 14th. Come and bring your friends.

Next Wednesday we will pass through the comet's tail and will view the sun through the comet's head. Scientists are practically certain no harm will come to creatures on the earth.

The baseball-hockey club are deserving of support. Attend the entertainment in the Lyric to-morrow night, when "Jane," the laughable farce, will be given for the benefit of the boys.

J. E. Carlyle, a settler near Everts, at Evergreen post office, died on May 4th, and a casket was taken out from Stone's undertaking parlors. Beyond this there is no available information.

Three shields have been received by the School Board made from Admiral Nelson's flagship. They will be used one for the High School, one for the Public School and one for basket ball team trophies.

The last meeting of L. I. D. 19-T-4 was of a routine nature. Accounts were passed and roads discussed. It was decided to try some of Pedlar's metal culverts and also concrete culverts in several parts of the district as an experiment.

There will be an interesting ball game on Friday evening at the exhibition grounds. The batteries will be Loose and Martin on one side and Wansburn and Turner on the other. Base ball fans are looking for a good game. No admission.

President Brumpton, of the Red Deer Brick Co., paid out cheques to the amount of \$1,000 last week to the men in the brickyard. This is what counts. The Piper Brick Co. have already burnt one kiln and are also as busy as they can be. The Red Deer Brick Co. started to burn a kiln on Monday.

A sad death took place at Shady Nook on May 3rd, when Miss Anna A. Smith, daughter of H. C. Smith, passed away at the age of 25 years. The family came here from the United States for the young lady's health, but she contracted a cold and only lingered a few days after arriving in Alberta.

Eye Strain is Nerve Strain

You never know where a nervestrain will be reflected. It may be far from the local seat of the trouble, but it will surely make itself felt, probably in the weakest part of the system as of the eyes. It follows then that if you have local symptoms of eyestrain you would be acting wisely in having a careful examination made to ascertain if there is trouble existing of a serious nature.

If the eyestrain is removed you will probably find symptoms disappearing that you never dreamed of in any way connected with your eye trouble.

I will examine your eyes and tell you frankly the condition I find. You may be sure of that.

PUBLIC MEETING. All parties interested in the old Agricultural Society and grounds, are asked to attend a public meeting on Saturday afternoon, May 14th, in the Oddfellows' Hall, to discuss the present position of the agricultural grounds and to appoint a committee to look after their interests. This meeting is called by those who have the interests of the old association at heart.

Eckville.

Rev. A. Patstone preached here last Sunday. Mr. Widen, Baptist, intends holding service next Sunday at 11 o'clock, and every alternate Sunday during the summer.

Mr. Bawlinheimer was back in this district looking for beef. (Perhaps he was after a mate for his 2470 lb. steer.)

The recently imported Holstein bull "Maud Holland De Kol's Lad" is located at Chas. Kaspar's.

J. H. Killick was a visitor on Sunday. His little boy has been laid up with croup.

Dan McMillan, road inspector, was through last week. Road work will probably be resumed shortly.

FARMERS' ATTENTION, PLEASE

Your small acres cannot raise a three hundred dollar crop if bred to a draught stallion, but she will if bred to Tilden's trotting stallion "Zomvert." The sporting men, the business men, the doctors, ministers and bakers, if they live four years longer in Sunny Alberta, will all be in the market for a fine driving horse. Be wise and have something ready to supply the demand. "Zomvert" will stand every Saturday during the present season at Henson & Son's barn in Red Deer; balance of time at Meadow Park farm, four miles south of Burnt Lake. Red Deer, May 3, L.F.

Judicial Sale of Farm Lands, Near Penhold, Alberta.

Pursuant to judgment and final order for sale, there will be offered for sale by Mr. Frank Mott at the Court House, Red Deer, on Thursday, the 26th day of May, 1910, at 12 o'clock noon, the South East quarter of 30-33-25, West of the Fourth Meridian.

The land contains 100 acres more or less and lies ten miles from Penhold at the corner of the land. The surface is rolling and hilly. One Hundred acres consists of bluff, scrub and some poplar, and Sixty acres of open prairie. The land has been fenced.

The sale is subject to a reserved bid which has been fixed by a Judge. The purchaser is, at the time of the sale, to pay down a deposit of 10 per cent. of the full purchase price to the vendor's solicitors, and the remainder as follows:

A sum sufficient to make the unpaid balance 40 per cent. of the full purchase price, is to be paid into Court within Sixty days without interest. The said balance of 40 per cent. may be paid into Court within Sixty days without interest or may be secured by a mortgage on the property in favor of the vendor, payable in three years and interest at 8 per cent. per annum, payable half-yearly.

In other respects the terms and conditions of sale will be the standing conditions of the Supreme Court of Alberta.

For further particulars apply to Messrs. EMMETT, NEWELL & BROTHERS, Barristers, Edmonton, Alberta.
